

Model: 5.7 GM/HGF10000 LeRoi

Specifications:

- Plate HP: 94HP@sea level
- Driver: 5.7 GM factory Certified Emissions E.P.A. certificate available, on board P.L.C. control w/ integrated harness.
- Suction & back pressure controllers on skid.
- Blow case capable.
- Winterization & Heat trace supplied

WCI guarantees:

1. Preventive & Corrective maintenance, parts, labor, fluids and disposal provided with lease.
2. On skid spill containment, Run time guarantee.
3. Engine & Compressor replacements maintained in stock, major failures repaired in 48 hours or less.
4. 90% of parts inventory maintained on trucks and restocked daily eliminating parts runs & downtime.
5. Daily equipment data spreadsheet maintained with all corrective, preventive, parts and hours including manufacture dates and serial numbers all the rec. data for Quad J reporting.
6. Field tech data supplied in real time supported by work orders, pictures and descriptions.

TABULAR PERFORMANCE FOR HGF10000

Suction Temperature,F: 80

Discharge Temperature,F: 180

RPM: 1800
